

Young Fraud Lawyers Association 2011-2012

Dear Young Fraud Lawyers,

Welcome to the new membership year for the Young Fraud Lawyers Association ("YFLA"). I am writing to you because you have previously been a member or attended an event with us. Please join us again and encourage your colleagues to join and support one of the most entertaining and energetic legal groups.

Firstly let me congratulate last year's committee and Chair Clare Huntley, on organising an excellent series of educational and social events. There is a new committee this year and there are a few new items planned for the coming year. We will, as always, provide you with 4 educational events worth at least 4 CPD points, and 4 social events. This year membership fees are raised for the first time since 2006 to £40 to allow us to run even better and more exciting events. We are open to solicitors, legal executives and paralegals of 10 years practice and barristers of 12 years call.

Last year we had over 300 members and we pride ourselves on organising interesting and entertaining events where young lawyers can meet people, share ideas, network and make new friends. In addition this year we are looking to publish a newsletter and will be seeking contributions from our members.

On a personal note I joined the organisation in 2004 as a paralegal and over the years I have made many contacts and lasting friendships in all areas of the law and my experience is that if you join us you will improve your knowledge of the law, meet new and interesting people and have fun whilst you're doing it. I am delighted to have been elected Chair after three years on the Committee and I expect this to be a great year for the organisation.

For membership enquiries please email Shula de Jersey (s.d.jersey@rjw.co.uk).

Yours sincerely

Ben Keith (benkeith@5sah.co.uk)

Chair
